Sodexo In The Classroom!

My name is Erwin Evans. I'm the General Manager for Sodexo in Hendry County Schools, FL.

I had the pleasure of reading to 2nd Graders at Upthegrove Elementary.

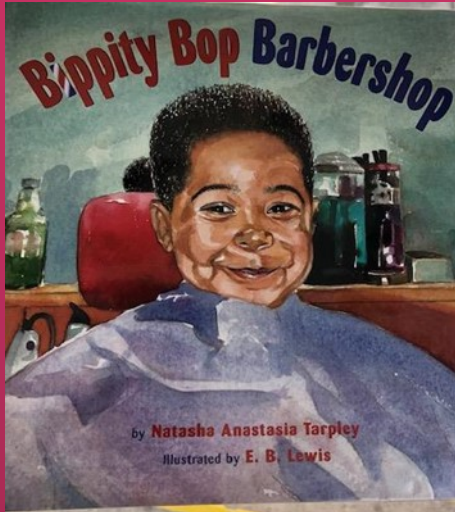

The P.E. teacher, Kathy Adams, welcomed me into her class and we had a blast!

Community Reader at Upthegrove Elementary School

I look forward to opportunities like this! I believe its important for me to engage the kids and establish a rappaort that will allow me to better serve them in the future.

Bippity Bop Barbershop

I read Bippity Bop Barbershop. The story of little boy's experience of his very first haircut.

Being a son and a father, I was touched by this book. It made me remember my Dad taking me to the barbershop, and the first time I took my son to the barbershop.

I had to wipe a tear from my eye as I read this book.

The kids told me about their experiences at the barbershop and hairdressers.

They told me about their Dads and their Moms and how our first trip to the barbershop or hairdresser required us to be brave!

I got to tell them about my Dad and how, to me, he was a Superhero!

The kids shared with me how their Dads and Moms were Superheroes like my Dad!

QUALITY OF LIFE SERVICES

In the end we agreed that all Moms and Dads are Superheroes who encourage us to be brave! We also agreed that we look just like our parents!

My thanks to the Principal, Mr. Talada and his staff for having me at UES.

Thanks to Amanda Fisher for inviting me to read.

Special thanks to Kathy Adams and her class for an awesome experience!

Looking forward to next year!
