

Chromebook Damage/Loss Program Procedures

The educational program at your student's school includes a Chromebook that will be issued to your student for their use. We are very excited to be able to make these powerful tools available to our students. We also understand that both students and parents are concerned about keeping these tools secure and in good working order.

Like textbooks, team uniforms and other school property issued to your student, there is a responsibility to take appropriate care of these valuable resources. You can find specific expectations for care and use in the district's Acceptable Use Policy (AUP) and the Student Procedures for Technology and Device Usage. Providing Chromebooks to students represents an increased cost to the district and liability to students and parents. We know that loss and accidents will happen. In accordance to district procedures, regulations, and practices we will require that a fine be levied to cover the repair or replacement cost of district property. With computing devices, like Chromebooks, the cost of loss or damage can be significant.

If the student did not exercise proper care and/or take appropriate precautions, as described in the the Student Procedures and AUP, and this behavior resulted in damage to or loss of the Chromebook, the cost of the repair or replacement will be the responsibility of the student/parent.

If the Chromebook is lost or stolen, the full replacement value is **\$250.00**. Upon payment, the student will be issued a replacement Chromebook.

THEFT: If the Chromebook is stolen, the Hendry County School District will require that a police report be submitted. Fraudulent reporting of theft will be turned over to the police for investigation. A student making a false report will also be subject to disciplinary action.

I have read and understood the Chromebook Damage/Loss Program Procedures, Student Procedures for Technology and Device Usage, and Acceptable Use Policy.
